

Come and experience technology in Cambodia!

Hi << Test First Name >>

On **Tuesday 18th March 2014** we are officially opening our Lab. To celebrate we are running an "open house" where anyone can come to use our facilities, join free technology workshops and interact with more than 17 expo booths.

[RSVP here so we know you are coming!](#)

Come to [our new office building](#) anytime between 12 noon and 7pm to take part in any of the following activities:

- **Innovation expo** with more than 17 presenters who will demonstrate innovative uses of technology.
- **See examples** of how social innovators are using ICT to make a difference in education, health and human rights in Cambodia.
- [Learn to program a computer in one hour](#). We are running free workshops to teach anyone to "code" (program computers).
- [Learn about blogging](#) with prominent local blogger [Kounila Keo](#).
- [Contribute to Khmer Wikipedia](#) and increase the amount of Khmer content on the internet.
- Learn the basics of film making with [Film Camp](#) participants in a short 1 hour workshop.

Innovation expo and demonstrations

During our [Open House](#) (from 12 noon to 7pm on 18th March) we have more than 17 organizations exhibiting technology and innovations that are changing Cambodia.

Come to [our office](#) anytime between 12 - 7pm and speak to some or all of them! Samples, prizes, refreshments - it promises to be a great time!

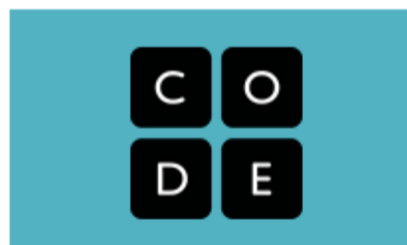

Interact with cool new technology like the [Kinect SDK](#), [Leap Motion](#), [3D printing machines](#), robots and more!

[RSVP here so we know you are coming!](#)

Learn to code in just one hour.

Join our introductory or intermediate workshop on computer programming. It's very easy and open to anyone. Use our equipment to build a game or make your own an Android app!

There are 4 workshops: [12 noon](#)(beginner), [1pm](#) (intermediate), [4pm](#)(beginner) and [5pm](#) (intermediate).

Where is our office and new lab?

Our [new office space and lab](#) where we are having our Open House event is #296, St. 271, Sangkat Toul Tompong 2, Khan Chamkarmon. Phnom Penh. [Click here to see our location on a map.](#)

Parking is available on or near our street and officials will be around to help manage parking.

What is this "Lab" about?

[The Lab](#) is a large co-working space for people to work on social innovations using technology. Our Lab is available for anyone to use (for free) once they have signed up for a membership.

Come to our [Open House event](#) to sign up for a membership and learn more about what is on offer. You can use the lab for:

- Alternative working or meeting space
- Access to the latest computers, software, servers and mobile devices.
- Information resources and self-paced learning materials on technology and design.
- Inspiration and advice to help turn your idea into something real that makes Cambodia a better place to live.

Come and see what it's like! We look forward to seeing you there.
