### TO WHOMSOEVER IT MAY CONCERN

As the Assistant Professor, Computer Engineering Department, V.E.S Institute of Technology, I have had the pleasure of knowing Vikramank Singh for the last one year. He has been a tremendous student. I would like to take this opportunity to recommend Vikramank for internship. I feel confident that he will continue to succeed in his studies. He is a dedicated student and hard working.

In class, he has proven to be a take-charge person who is able to successfully develop plans and implement them. He has shown the ability to establish an excellent rapport with many different constituents including students, alumni, administrators, and staff. He is exceptionally responsible and volunteers to jump in and help out with any task from the mundane to the challenging. He blends a well-organized, task oriented style with the aforementioned sensitivity to the needs of our clientele.

It is for these reasons that I offer high recommendations for Vikramank without reservation. His drive and abilities will truly be an asset to your establishment. If you have any questions regarding this recommendation, please do not hesitate to contact me.
