TO WHOMSOEVER IT MAY CONCERN

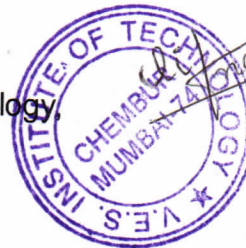

As the Assistant Professor, Computer Engineering Department, V.E.S Institute of Technology, I have had the pleasure of knowing Vikramank Singh for the last one year. I am pleased to recommend Vikramank Singh. He has been a student in many of my classes during the past one year, so I have learnt a great deal about him and his abilities, and I know he would do well if given the opportunity to work. His determination to succeed has led him to excel in my classes. He consistently gets excellent marks on his homework and tests, and he participates in class regularly. During the years I've known him, he has worked hard to greatly improve his own confidence in his abilities.

Due to his knowledge and great aptitude for learning, Vikramank would be an excellent candidate for the internship. He will make a great student at your organization, and I have no doubts that his abilities and determination will continue to grow.

If you have any questions regarding this recommendation, please do not hesitate to contact me.
